Dear Dan,

I enclose you a letter  
I got from Will King.  
He wants you to attend  
to getting his mother's pension  
at Carthage, and it has  
to be looked after now  
pretty soon and so does  
your Pa's pension and  
while you are looking  
after his you could  
look after hers. I think  
you could use the same  
proof and the old lady  
is sick and not able  
to come. She is at  
Sandusville visiting her son
